

What is claimed is:

1. A disposable nonwoven mitt adapted to fit on a child's hand, said mitt comprising:
 - (a) first and second nonwoven sheet members in an overlying relationship, said members defining an interior volume for receiving said child's hand, each of said first and second nonwoven sheet members including an exterior surface, having an opposing interior surface, a top edge, a bottom edge opposing said top edge, and first and second opposed side edges, said first and second nonwoven sheet members being permanently secured to each other along the periphery of said top edge and both of said first and second opposed side edges, with said bottom edges being unsecured so as to provide a substantial access opening to said interior volume for readily inserting said child's hand therein;
 - (b) a benefit composition, said wherein at least one of said first and second sheet members is releasably carrying said benefit composition; and
 - (c) child graphic disposed on at least one of said first and second sheet members.
2. The disposable nonwoven mitt according to Claim 1 wherein said benefit composition is selected from the group consisting of cleaning compositions, moisturizing compositions, medicinal compositions, cosmetic compositions, personal cleansing compositions, polishing compositions, germicidal compositions, wax compositions, perfume compositions, dishwashing compositions, hard surface cleaning compositions and glass cleaning compositions, and wood cleaning compositions.
3. The disposable nonwoven mitt according to Claim 1 wherein said child graphic is disposed on said first nonwoven sheet member.
4. The disposable nonwoven mitt according to Claim 1 wherein said child graphic is disposed on said second nonwoven sheet member.
5. The disposable nonwoven mitt according to Claim 1 wherein said child graphic is in the form of photographs, drawings, cartoons, symbols and combinations thereof.
6. The disposable nonwoven mitt according to Claim 1 wherein said disposable nonwoven mitt is thumb-less.

7. The disposable nonwoven mitt according to Claim 1 wherein said disposable nonwoven mitt comprises one or more thumbs
8. The disposable nonwoven mitt according to Claim 1 wherein said disposable nonwoven mitt comprises (d) a second child graphic disposed on at least one of said first and second sheet members.
9. The disposable nonwoven mitt according to Claim 1 wherein said child graphic is appealing to a child of from about three years old to about five years old.
10. The disposable nonwoven mitt according to Claim 1 wherein said child graphic is appealing to a child of from about six years old to about nine years old.
11. The disposable nonwoven mitt according to Claim 1 wherein said child graphic is selected from the group consisting of graphics appealing to girls, graphics appealing to boys' gender neutral graphics and combinations thereof.
12. The disposable nonwoven mitt according to Claim 1 wherein said child graphic comprises a character graphic.
13. The disposable nonwoven mitt according to Claim 12 wherein said character graphic is in the form of photographs, drawings, cartoons, symbols and combinations thereof.
14. The disposable nonwoven mitt according to Claim 12 wherein said character graphic is selected from the group consisting of graphics appealing to girls, graphics appealing to boys' gender neutral graphics and combinations thereof.
15. The disposable nonwoven mitt according to Claim 12 wherein said child graphic comprises two or more character graphics.
16. The disposable nonwoven mitt according to Claim 12 wherein said character graphic is appealing to a child of from about three years old to about five years old.
17. The disposable nonwoven mitt according to Claim 12 wherein said character graphic is appealing to a child of from about six years old to about nine years old.

18. The disposable nonwoven mitt according to Claim 1 wherein said child graphic is a registered graphic.
19. The disposable nonwoven mitt according to Claim 1 wherein said disposable nonwoven mitt is one component of a system of consumer products.
20. The disposable nonwoven mitt according to Claim 1 wherein said child graphic is a cartoon of an animal selected from the group consisting of amphibians, turtles, monkeys, automobiles and combination thereof.
21. The disposable nonwoven mitt according to Claim 1 wherein said character graphic is selected from the group consisting of animals, objects and combinations thereof.
22. The disposable nonwoven mitt according to Claim 1 wherein said child graphics are registered graphics.
23. The disposable nonwoven mitt according to Claim 1 wherein at least a portion of least one of said first and second sheet members comprises one or more raised region.
24. The disposable nonwoven mitt according to Claim 23 wherein at least a portion of least one of said first and second sheet members comprises one or more lowered region.
25. The disposable nonwoven mitt according to Claim 24 wherein said raised region is in the form of logos, indicia, trademarks, geometric patterns, images and combinations thereof.
26. The disposable nonwoven mitt according to Claim 23 wherein said raised region is arranged randomly on least one of said first and second sheet members.
27. The disposable nonwoven mitt according to Claim 23 wherein said at least a portion of least one of said first and second sheet members comprises two or more raised regions arranged in a repetitive pattern.
28. The disposable nonwoven mitt according to Claim 23 wherein said child graphic is substantially complementary with one of said at least one raised region.

29. The disposable nonwoven mitt according to Claim 1 wherein at least a portion of least one of said first and second sheet members comprises one or more lowered region.
30. The disposable nonwoven mitt according to Claim 29 wherein at least a portion of least one of said first and second sheet members comprises one or more raised region.
31. The disposable nonwoven mitt according to Claim 29 wherein said lowered region is in the form of logos, indicia, trademarks, geometric patterns, images and combinations thereof.
30. The disposable nonwoven mitt according to Claim 29 wherein said lowered region is arranged randomly on said nonwoven member.
31. The disposable nonwoven mitt according to Claim 29 wherein said at least a portion of least one of said first and second sheet members comprises two or more lowered regions arranged in a repetitive pattern.
32. The disposable nonwoven mitt according to Claim 29 wherein said child graphic is substantially complementary with one of said at least one lowered region.
33. A disposable nonwoven mitt adapted to fit on a child's hand, said mitt comprising:
 - (a) first and second nonwoven sheet members in an overlying relationship, said members defining an interior volume for receiving said child's hand, each of said first and second nonwoven sheet members including an exterior surface, having an opposing interior surface, a top edge, a bottom edge opposing said top edge, and first and second opposed side edges, said first and second nonwoven sheet members being permanently secured to each other along the periphery of said top edge and both of said first and second opposed side edges, with said bottom edges being unsecured so as to provide a substantial access opening to said interior volume for readily inserting said child's hand therein;
 - (b) a benefit composition, said wherein at least one of said first and second sheet members is releasably carrying said benefit composition;
 - (c) child graphic disposed on at least one of said first and second sheet members; and
 - (d) a usage indicator.

34. The disposable nonwoven mitt according to Claim 33 wherein said usage indicator is selected from the group consisting of pH change indicator, a temperature change indicator, time change indicator and combinations thereof.
35. The disposable nonwoven mitt according to Claim 33 wherein said usage indicator provides a visual signal during use of said article that at least a portion of said benefit composition has been released from said nonwoven member.
36. The disposable nonwoven mitt according to Claim 33 wherein said usage indicator is a child graphic.
